Tiffany has been instrumental in many team moves and successes out on the road.

Tiffany had the chance to ride for Australia at a home Commonwealth Games in 2018 in Gold Coast, where she was Team Captain on the road for the women's road team, leading the team to success with team mate Chloe Hosking winning gold.

After some hard winter training over 2020/2021, the first half of the season was really positive, with the greatest reward of Olympic selection. Tiffany proudly wore the green and gold to represent Australia in Tokyo and put in a fantastic performance in an extremely exciting race. The latter half of the 2021 season was an exciting one for Tiffany as she not only rode on the road, but she also competed in a collection of high profile gravel races to expand her experience and enjoyment on the bike - ending the season with a win at the Belgian Waffle Ride in Lawrence.

2022 was a strong season for Tiffany with some good team results and also a third place at the Belgian Waffle Ride in California - after a very gruelling and competitive 8 hours ending in a sprint finish! She was a pivotal part of the team in the inaugural Tour de France Femmes avec Zwift, with the team bringing home a 3rd place in the General Classification for Kasia Niewiadoma. Tiffany also won SBT GRVL Blue Course, topping the podium in the female category and 7th overall.

Tiffany is racing both on the road and on the gravel in 2023, achieving some notable results in the first half of the year. Winning SEVEN, The Galloch, Unbound 100 and FNLD GRVL leaves her currently unbeaten on the gravel, whilst really enjoying riding her bike.

Not only does Tiffany ride bikes, she's also an aspiring designer.
